PROFESSIONAL SUMMARY

Cybersecurity student with over 1 year of combined experience supporting secure testing environments and providing user-facing tech assistance.

Pursuing an A.A.S. in Cybersecurity with plans to transfer to Western Washington University for a B.S. in Cybersecurity.

Skilled in Linux (Ubuntu, Fedora), Windows Server, networking (TCP/IP, OSPF, VLANs), and scripting (Python, Bash, PowerShell).

Competed in PRCCDC, applying real-time access control, firewall rules, and system hardening under red team conditions.

Proactive and fast learner, quickly adapts to evolving systems, tools, and procedures with minimal supervision.

Recognized for professionalism, clear communication, and the ability to stay calm and solve problems under pressure.
